

Two killed at Granite City Steel

By DAVE WHALEY and BILL WINTER
Two men were injured fatally in an accident involving a construction crane Friday morning at Granite City Steel.

Dead are Keith W. Vogan, 32, of 987 Warder Ave., University City, Mo., a Granite City Steel employee, and Larry G. Frost, 35, of 1713 S. Rodgers Ave., Alton, an employee of M. H. Wolfe & Co., general construction contractors in Granite City.

THE ACCIDENT occurred inside the coke plant (blast furnace division) when the boom of a crane collapsed without warning and crashed to the ground, striking the two men.

Mr. Frost, the construction worker, was pronounced dead at the scene by Dick Mizell, Madison County deputy coroner, at 10:35 a.m. There were major injuries to the head and upper part of the body.

Mr. Vogan, a chemical

engineer, received extensive head, chest and hip injuries and was taken by ambulance to St. Elizabeth Medical Center, where he died at 11:28 a.m. Friday. He had been employed for the past two years as a management associate in the Granite City Steel engineering department.

RALPH NANCE of Collinsville, a crane operator for M. H. Wolfe & Co., was treated and released at SEMC. The Wolfe firm had been

involved in the retraining of a blast furnace.

Dan Hines, spokesman for Granite City Steel, said Friday that the accident was under investigation. "We are investigating the cause of the accident," he said. "We are not making any comment at this time."

Mizell said a coroner's inquest is being held at the Madison County coroner's office. Granite City Steel and the U.S. Occupational Safety and Health Administration

OSHA INSPECTORS arrived at the scene Friday and the area was cordoned off to expedite their study.

Some at the site said a boom crawler was involved. They added that it was a freak accident and that appropriate procedures were being used in operating the crane. The two victims had been working at ground level and suffered crushing injuries.

The Granite City fire department was contacted by a plant

representative at 10:02 a.m. and provided ambulance service.

THERE WAS no fire, and no one had to be extricated, a spokesman for the fire department said.

Mr. Vogan was taken to the Hutcheson Mortuary, St. Louis, and Mr. Frost was taken to the Smith Funeral Home, Alton, Mizell said Saturday.

Earmarked sewer break funds frozen by Madison County

By SUSAN SIGNAIGO-WEICH Staff writer
Madison County Community Development has put a hold on approximately \$200,000 earmarked for repair of Granite City sewer breaks until the city can devise a plan for reconstruction of the sewer system.

The move came about because of apparent pressure being put on the county by Housing and Urban Development (HUD) officials.

According to Joe Parente, coordinator of Madison County Community Development, one of the HUD requirements necessary for CD funds is that the project be "of recent origin."

been two or three years since some of the breaks occurred, HUD representatives feel the sewer break repairs no longer qualify for funding. As a result, the hold was placed on the remaining funds.

Until the hold order was issued, the city had used approximately \$600,000 for sewer work.

To combat the unavailability of funds, Mayor Von Dee Cruse said he is currently working on some plans to have an engineering study done on the sewer system. From there, the city would need to have plans drawn up and then have the work done.

CRUSE SAID HE is confident the city will get use of the remaining funds once an engineering study is proposed.

He said despite the timing of the freezing of funds, shortly after his election, he does not believe the decision was political.

"I don't think this action was in any way political," Cruse said. "Political motivations have nothing to do with it. It was based solely on the HUD requirement."

In the meantime, Cruse is pursuing a \$300,000 grant, which is currently being considered by Illinois Governor James Thompson. The aid was proposed by State Representative Sam Wolf a year ago but no word has been received on the funding as yet.

Compromise reached with Bi-State

By SUSAN SIGNAIGO-WEICH Staff writer
Rudy Johnson, managing director of the Madison and St. Clair county transit districts, announced Thursday a compromise has been reached on a new Bi-State bus route for Granite City and two of the four routes proposed for changes. The other two changes will proceed as planned.

Johnson said revisions have just been made in the proposed bus routes in light of complaints received from residents of Granite City concerning traffic, the safety of children living on the routes, and air pollution caused by buses.

SINCE MOST of the complaints received were from residents living on Cleveland Boulevard, Edison Avenue and Emert Avenue, the scheduled bus traffic has been rerouted off those streets.

Johnson said the rerouting will prompt the district to distribute public notices quickly, since it plans to start the new and altered bus service on the same day as was originally scheduled on Monday, June 3.

Before then, the district will send out 31,000 notices to those who will be affected by the changes. Notices announcing the earlier planned routes had just been sent out a week ago.

BUS STOP SIGNS newly placed on Cleveland, Edison and Emert will be removed, Johnson said.

Mayor Von Dee Cruse, a member of the Madison County Transit District board, who was in on the discussion leading to a compromise, said the action did not answer the concerns of all residents but helped the majority.

"I'm real confident that if we have any further problems with the transit system, we'll be going to people that will listen to what we have to say," said Cruse.

"I HOPE in the future, though, a little bit more communicating will be going on between the transit district and the people who will be affected by the changes."

According to Harold Lehman, a route planner for Bi-State, the following routes will be changed:

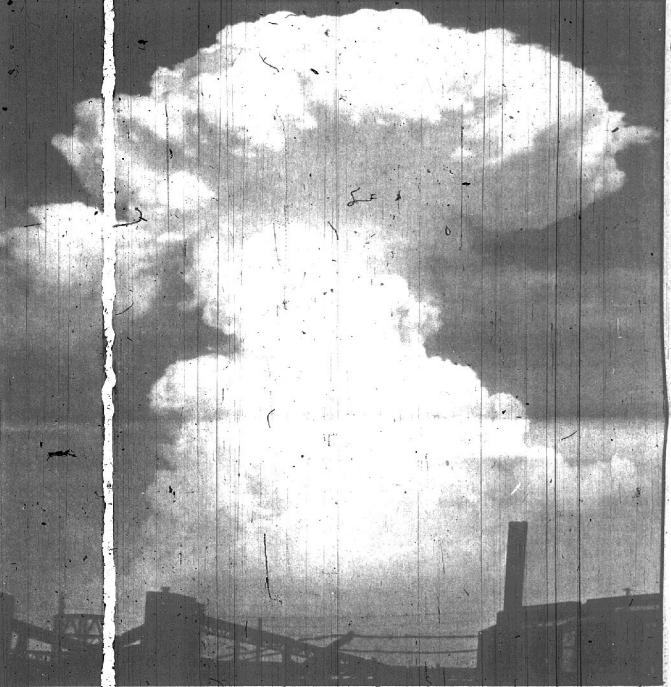

The 532 East Granite route will now go from St. Clair to Edgewood to Johnson Road. Under the former plans, it would have traveled on Emert.

The 534 North Granite-Nedrick route, a new route, will travel 19th to Edison, to 20th, to Delmar, to 27th, to State and to Fehling. It formerly would have followed Cleveland and a longer stretch on Edison.

The 530x Pontoon Express will travel inbound on Maryville, to Pontoon, to Edgewood, to St. Clair. It formerly would have gone onto Emert.

IN OTHER transit news, the Van Pool Program is currently conducting a questionnaire concerning the needs of students in relation to bus service.

The questionnaire in particular will target those students attending Southern Illinois University at Edwardsville.

Design standards important to the future...

By SUSANNE INDELICATO Staff writer
Second in a series
Design standards could prove vital to downtown Granite City's economic future, just as they aided downtown Belleville's economic recovery.

Planners and city officials in various communities have found simple changes mean a lot. Among improvements that can turn around a declining downtown are sign ordinance changes, window display lights and restrooms.

Tom Wobbe, planning director for Belleville Economic Progress Inc., said design standards created a favorable image for Belleville's downtown.

First, Wobbe said, the city enacted an ordinance to eliminate signs that protruded from buildings and over the sidewalks. Calling such signs "commercial suicide," Merchants had five years to comply by painting signs on their buildings, or placing signs flush against their building.

Granite City officials considered a strict sign ordinance three years ago, but no action was taken.

The idea still has proponents in

Granite City, however, including Russell Walker, owner of Walkers Jewelry and Gifts, 1237 19th St.

Walker said, "We need to get all those buildings painted up and get the signs down and get them flush against the buildings."

As for billboards, Wobbe said, "I don't believe they belong in the city or downtown." Part of the redevelopment plan called for removing billboards and advertisements painted on buildings.

Planners also obtained architectural drawings to show merchants what could be done to improve the appearance of buildings.

In addition, Belleville planners conducted a survey which indicated shoppers wanted restroom facilities downtown. With a grant from the Department of Conservation, developers converted a vacant service station into a small park with restrooms and a restaurant.

Tom Wilson, executive director of the Galesburg Downtown Council, said some renovations in Galesburg's downtown redevelopment area required little money.

"See what a paint brush, awnings and some changes in the signage can do," he said, as he displayed photographs of attractively renovated buildings in Galesburg's downtown. "We're not talking about a lot of money, we're talking maintenance."

One of the deficiencies among some retailers was they didn't have attractive window displays. If they keep their lights on (in their display windows) at night, they can get people to come back the next day.

Marry Jesse, president of the Tri-Cities Area Chamber of Commerce Beautification Committee, suggested another design change to enhance downtown Granite City.

"We're talking about doing

something with the trash cans, but who buys them? The Downtown Promotion Committee has talked about permanent containers," she said.

Jim Hudson, owner of Hudson Fine Jewelers, 19th, State St., and a member of the Downtown Promotion Committee, said, "downtown merchants did approve buying trash receptacles to attach to the parking meters, but the committee spent all of its money on downtown banners."

To obtain more money, he said, the committee will have to divide the cost between the merchants wishing to participate.

The trash receptacles the committee wanted to buy were constructed of wooden slats. They would have replaced the metal trash cans currently owned and maintained each year by the Granite City Street Department.

In addition, the Beautification Committee plants trees, bushes and flowers throughout the Quad Cities area. Several Granite City aldermen have indicated the city would water trees planted by the committee.

But, Jesse said, "The planting still doesn't take away from the crummy look of the building."

Financial assistance from the city

Coordinator coming?

Granite City may have a downtown coordinator in the near future, Granite City Mayor Von Dee Cruse said a decision regarding the hiring of a coordinator will be made during Tuesday night's council meeting.

Cruse has said that downtown revitalization is his top priority. He and Tri-Cities Area Chamber of Commerce officials have been discussing hiring a coordinator as a step toward downtown redevelopment.

Appreciation pays off

Marry Jesse, president of the Tri-Cities Area Chamber of Commerce Beautification Committee, said one way to get building owners to fix up their buildings is by showing appreciation for work that has been done.

"We have a program where we give recognition awards to people who renovate buildings. We're founded on the basis of beautification."

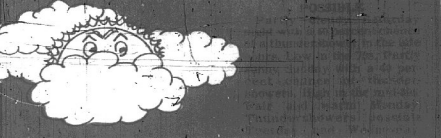

In beautifying the downtown area, Jesse said, "would be great. If we could have some money, it'd be fantastic. We have fund-raising events, but we're lucky if we spend \$1,000 to \$1,500 a year on projects."

"We just do a little bit at a time. It takes a lot of planning just to get the people together."

How your taxes pay for vacations

WASHINGTON — As the first hot, muggy days portend another Washington summer, everyone's thoughts turn to the great Getaway. Where will we go this year: the beach, the mountains or maybe overseas?

Three federal agencies came up with three different plans recently for taxpayer-funded getaways:

— The beach: Energy Department Administrative Director William S. Heffelfinger is holding management-training courses this month at Ocean City, Md., a resort popular with those fleeing the heat and humdrum of Washington. The possibilities for a public-relations fiasco worried Gary Gesick, the director of DOE's office of policy and management, which was sending two employees to Ocean City at a cost of \$1,861.

— Should our people be meeting for training in an ocean-front resort area when training facilities in the (department) building or at other locations here in town are excellent," Gesick wrote to acting Assistant Secretary Donna Fitzpatrick. "Could it cause the secretary or yourself problems in explaining why this is happening? ... Could we be criticized for wasteful travel? I am very concerned, as we have talked about before, that resort training sites... will leave us open to the two weeks at the beach critics."

Ms. Fitzpatrick agreed that "the appearance of 'two weeks at the beach' should be avoided, and suggested problems in the matter higher up the ladder. Meanwhile, she wrote Gesick, the Ocean City selection would have to do. "At least they should get off-season rates," she observed.

A spokesman for the department told our associate Donald Goldberg that the hotel in Ocean City charged less than hotels in Washington. But the two employees whom Gesick was worried about are based in Washington, and would have had no need for hotel rooms if the training session was held here.

— The mountains: Dr. June Koch, an assistant secretary of Housing and Urban Development, is taking the entire policy development and research staff to the Coolfont Hotel in Berkeley Springs, W. Va., for a three-day "retreat" next month. Asked about it by our reporter Mark Woolley, Ms. Koch said: "We're not the only government agency that takes retreats. Why are you contacting us? My people are overworked and I feel it's necessary for us to get away."

Ms. Koch also said the entire cost was only \$2,000. But when the hotel said the bill would be more than \$6,000 for the 30 HUD employees, a Koch assistant confirmed this. The boss was mistaken, he said.

— Overseas: Four Agriculture Department employees are off on a trip to Japan, China, Hong Kong and Korea with 26 American farm wives, who will discuss agriculture problems with foreign officials. (You didn't know Hong Kong was farm country, did you?) The farm women are paying their own way, but the four official escorts will sock it to the taxpayers for \$14,000.

— CANTANKEROUS CUBAN: A State Department evaluation of Cuban dictator Fidel Castro, stamped "Secret-Exdis," makes this observation: "With Castro, who possesses a tropical temper, gentle persistence often brings about a more reasoned reply after initial emotionalism."

— FUDDLE FACTORY: The Federal Aviation Administration is finally conceding what we sweaty-palm fliers have suspected ever since President Reagan fired most air-traffic controllers in 1981: Airport tower personnel are seriously overworked.

The agency is about to advertise for 50,000 applicants, age 30 or younger. The FAA's advertisement will say: "No aviation-related experience is required."

Does that make you feel better about flying?

— MEXICAN ASTRONAUT: When the national Aeronautics and Space Administration let it be known that it would consider taking a Mexican along on a future space shuttle, the applications flooded in. A leading Mexico City newspaper reports that there were 1,244 applications, 478 of whom met NASA's requirements. The field reportedly has been narrowed to 76 who deserve a closer look.

Reagan's visit backfired

It didn't get much play in the United States, but after all the trouble Ronald Reagan went to in helping his buddy Helmut Kohl with the West German election, the chancellor got clobbered in North Rhine-Westphalia.

For those of you who can remember that far back, the reason the President took his famous walk through the Bitburg cemetery was because Kohl's Christian Democrats were being threatened by Willy Brandt's hated Social Democrats. Mr. Reagan was led to believe if he stopped by Bitburg for a photo opportunity Kohl would beat the Socialists in a landslide.

As soon as I heard on the radio that Mr. Reagan's graveyard visit was for naught I called Klaus Berger, my stringer in North Rhine-Westphalia, and demanded an explanation.

Klaus said, "It was a question of Teflon failure. Reagan tried to give some of his Teflon to Kohl but it wouldn't stick."

"How could that be?" Reagan's Teflon is considered the top of the line in America. "But it's not transferable," Klaus said. "Kohl's mistake

Art Buchwald

was believing all he had to do was rub his fingers in a German military cemetery with the President and he'd have Reagan's charisma. Obviously didn't work."

"How could Kohl have been so far off the mark?" "Some political analysts in Bonn think it's because he's a dumbkopf," let's start at the beginning, Kohl came to Ronald Reagan and insisted that he include him in the 40th anniversary of the end of World War II. The chaplain said that the reason his party was in so much trouble was because he wasn't allowed to participate in the anniversary of the D-Day landings at Normandy the previous year. Kohl made a very convincing argument that if it

Germaners there would not have been a World War II in the first place.

"So Reagan, who considers Kohl a team player, said he would be happy to help beat Willy Brandt's Socialists in any way he could. To which Kohl suggested they stroll through a German military cemetery together to show the world that bygones can be bygones."

"So far so good," I said.

Klaus said, "Not necessarily. Kohl should have known you can't go into a German military cemetery without running into a Nazi tombstone. After the visit was announced the press found 49 of them. Instead of Kohl canceling, he insisted that the ceremony still take place. It was the worst political decision of his life!"

"Why?"

"Because everyone had forgotten what the Nazi regime had done until the President were going to Bitburg to forget it. Suddenly TV screens in every corner of the globe showed films of Nazi atrocities and newspapers headlined lengthy stories on war crimes committed by the

German army. Instead of reconciliation, Kohl opened up every wound from the Second World War. That's why he's considered a dumbkopf."

"But," I said, "according to the polls, the Germans supported the Bitburg visit."

Klaus replied, "What else could the German people say to the pollsters, other than they were for Kohl and Reagan visiting a German military cemetery? But once it was over they decided to send Kohl a message."

"Which was?"

"They don't want any more reconciliation ceremonies over World War II."

"It seems such a waste," I said. "If Kohl failed to benefit by it, Reagan surely didn't either."

"How's that?" Klaus asked.

"Well, when the President left for Europe his Teflon suit was all shiny and glittery. But when he came back from Bitburg it was scratched and tarnished. I guess the one thing everyone has learned from all this is that only in Chicago does the cemetery vote still count."

Abolish the home runs? 'Holy Cow,' that's out, somewhere in left field

The game of baseball has evolved over the generations in the nations in which it is played.

There is at least a minor modification of the rules of baseball every season. Trifling things, such as allowing a pitcher to blow his breath on his hands on a cold day.

But for anybody to dare to suggest any major change in the game; most fans would give up their hot dogs first!

Yet we have a Knox College professor, Hermann Mueller, daring to recommend that we abolish the home-run.

Prof. Mueller's rationale is this: baseball is the only game in which it is the person, not the ball, which does the scoring.

In football, it's the ball which must cross the goal line. In hockey, it's the puck which must enter the net.

In basketball, it's the ball which must pass through the hoop.

In baseball, however, it is the player, the batter, who must himself traverse the bases and run home in order to score.

Except, says Prof. Mueller, in the case of the home-run. Then the ball does the scoring, traversing the bases in a formality.

Running the bases is ritualistic. The score does not come when the ball crosses the outfield wall; the score comes when the player crosses home plate.

The professor says that's "not fair," that the defensive

Paul Harvey

player has no chance to interact with a ball hit over the fence or to the stands.

There is no possible defensive response to a 450-foot George B. St. moonshot.

Prof. Mueller would call it "a strike."

He says the real battling takes place in baseball is to "hit 'em where they ain't," thus to challenge the defense. The foul lines are there to give the defensive player a reasonable chance of interacting with the ball.

But against the home run there is no defense. The foul lines are there to give the defensive player a reasonable chance of interacting with the ball.

He said it is not preposterous, but he says whatever merit there may be to such a suggestion, the home run has too significant and too exciting ever to be abolished.

There's too much spectator appeal in the going, going, top, that ends up downtown.

I asked sportscaster Harry Caray what he did think about abolishing the home run.

He said, "Holy cow!"

Reconciliation best policy

To the Editor:

It was to a nation that is a friend that President Reagan went to lay a wreath at the military cemetery in Germany.

Once we were enemies; now we are friends. How long must our enemy be dead before he is no longer our enemy?

Let us be reconciled in the present. It was a bold thing the president did. Were he a man who listened to

public opinion, he would never have gone.

The news media say he lost popularity. Given the climate of anti-German hatred that was aroused, and the easy accommodation to it of so many, that's probably true. But it is far better to lose popularity than to be untrue to conscientious conviction. I believe history will say it was right.

A sad social comment

By SUSANNE INDELICATO
Staff writer

I learned a sad lesson about society May 24. I learned that you don't have to go to New York City to have a call for help ignored.

On that particular afternoon, I had the misfortune of acquiring a flat tire as I approached the Poplar Street bridge on my way to St. Louis.

I didn't realize the tire was flat at first, but I did know that I was losing speed for some reason. My lack of acceleration not only annoyed me, but apparently annoyed the driver behind me because he began tailgating me to the point that I wondered if he might give me a push.

Once I realized that my tire had blown, I limped over onto the shoulder of the road. I was mistaken, however, in thinking that help would soon arrive.

After half an hour of observing traffic whizzing by me, a dilapidated pickup truck pulled over. Now I am the first to admit that I am a snob of sorts. But when a grease-covered, badly shaven man emerged from the truck, I put my prejudices aside and greeted him enthusiastically.

"You know I saw you sitting here and I got to thinking," he said. "My ex-wife's mother-in-law got raped

when she broke down in this area not too long ago."

So much for putting fears aside. The man began changing my tire, but had to stop when we realized that neither of us possessed a lug wrench. He left me saying that he would pick one up in St. Louis and stop to help me if, Lord forbid, I was still sitting there when he came back by in another hour.

I spent another half hour watching the "decent" looking drivers zoom by me. Then another beat-up pickup slowed down as five drivers honked in irritation at the interruption in the flow of traffic.

This Good Samaritan, too, was covered with grease, and a tattoo stretched across his bare back. He also lacked a lug wrench. So he offered me a ride, which I refused, and then he left.

I spent almost two hours on the shoulder of Interstate 55-70 before one of those green trucks operated by the Illinois Department of Transportation stopped.

The operator quickly changed my tire and then guided me to a gas station to have more air put in the spare.

As I said before, I learned a sad lesson about society May 24. I learned that very few people care. Sadder still, I learned that before May 24, neither did I.

Contract clause may backfire

By SUSAN SIGNAIGO-WEICH
Staff writer

A clause that was written into the 1983 contract between Granite City and the White Collar Chapter of the United Local 799 may backfire and cause a worker in the City Comptroller's office to be laid off.

The clause apparently was included to provide job protection for the mayor's secretary. But at the same time, it took some protection away from the workers in the comptroller's office.

THE CONTRACT states, "...the position of 'Secretary to the Mayor' shall be considered a position within the office of the City Comptroller."

According to the contract, Toby Worthen, who was secretary to former Mayor Paul Schuler, is still on the city payroll, being listed as a worker in the comptroller's office.

Because of Worthen's departmental seniority, two years, she legally may bump one of two workers in the

comptroller's office from a job — if she is deemed qualified for that worker's position.

SHARON PERJAK, who represented the city on the negotiating committee in 1983, said Schuler sought the clause.

"I'm sure that he (Schuler) made sure she (Worthen) was taken care of," Perjak said. "Maybe he figured he might be on shaky ground (concerning his re-election effort)."

Whatever the reason, the clause now presents City Comptroller Joe Miklovic with a dilemma.

MIKLOVIC ASKED permission from the City Council last week to create a position for his office & computer operator. This would have been filled by Worthen, but the proposal was turned down by the council.

It would have solved not only the contract dilemma but also would have provided what Miklovic says is needed.

Miklovic said his office currently has two computers, one of which is operated solely by himself. He has

requested the purchase of a third computer for his office in the upcoming budget.

THE COMPTROLLER said he would like to have a person who is capable of operating all of the computers, not only to free him to do other things, but also to fill in during vacations.

Worthen currently is on vacation. According to Miklovic, since Schuler left office May 7 Worthen has taken two weeks of vacation, one week of sick leave and another week of vacation.

Miklovic said Worthen has one week of vacation left plus whatever vacation time she has accrued thus far this year.

PERJAK SAID that, according to the contract, Worthen may go into Miklovic's office at any time and request a position in the office.

At that time, it will be up to Miklovic to decide if Worthen is qualified for one of the positions, resulting in one of the present staff being laid off.

Venice's Tyrone Manzy

Graduates from West Point

By VALERIE EVENEDEN
Staff writer

Second Lieutenant Tyrone Manzy of Venice was among the 1,010 cadets who graduated May 22 at the United States Military Academy at West Point, New York.

More than 25,000 persons attended the 197th graduation ceremony, which honored the senior cadets. The 1985 class was the largest in the prestigious institution's history.

Manzy is the son of Mr. and Mrs. Wallace (Wilma) Dandridge, 525 Mercedia Ave., Venice.

Among those at the West Point academy for the ceremonies were the graduate's mother and his pastor, the Rev. John Henry Williams of New Salem Missionary Baptist Church, Venice.

Out of the 1,010 cadets who graduated last year there were 107 women, 80 black, 54 Hispanics, 21 Asian-Americans and two native Americans.

The 1985 class also included the first two Vietnamese Americans ever to graduate from the academy. Both were refugees who came to the United States in 1975.

The commencement address was given by Secretary of the Army John Marsh, who said, "The Army in which you are being trained has the best soldiers in the world."

Lt. Manzy, a lifetime resident of Venice, graduated from Madison High School in 1981. His major at West Point was in computer science.

High military and academic standards are demanded of all cadets attending the institution, whether or not they are involved in extracurricular activities, and the Venice cadet was active in several extra programs during his four years at the academy.

Lt. Manzy was a member of West Point's spirit team known as the Rabble Rousers, one of the academy's most active and well-known clubs.

The Rabble Rousers consist of a male yell-leader team and a dance team of 10 women who perform at various sporting functions.

The synchronized group has the task of "injecting" energy, excitement and spirit into the Army fans. Lt. Manzy was with the Rabble Rousers when the group made its debut in the Rose Bowl at Pasadena, Calif., for the Army-Navy football classic played Nov. 25, 1983.

the source of enjoyment to many in the local area, was also a member of the Gospel Choir at West Point.

He is currently spending a three-week furlough at home with his parents before leaving June 21 for Fort Benning, Columbus, Ga., where he will be involved in a short, intense period of airborne training.

Lt. Manzy said Wednesday his first regular duty assignment at Fort Bliss, near El Paso, Texas, scheduled to last about nine months, will follow the airborne course.

"In the four years at the academy, sometimes I very much enjoyed the program and sometimes not so much," the graduate said. He added he is very happy to be home.

Commenting on his reaction to the West Point ceremony and Lt. Manzy's achievements, Rev. Williams said, "First, I want to thank God for blessing Tyrone with such great honors."

"His parents gave him great support and also the prayers of his church family and friends surely were with him."

"Truly, God took a little boy by the name of Tyrone and showed how He could use ordinary people out of a small town called Venice and set them with high honors."

"Tyrone has proven to black youth all over America and any other person who gives Jesus his or her life

that serving the Lord will pay off. Tyrone is faithful to God and, even in the military at West Point, he was in a choir and traveled all over, praising God in songs."

The minister said, "I am thankful to the Lord for allowing me to be his pastor and to witness this once in a lifetime event."

"Ever since Tyrone was singing in the Youth Choir at church, I knew the Lord was truly with him and that one day he would make us all proud."

"Every time he would sing his little heart out as a child, the power of God would come upon him. The Holy Ghost would fill Tyrone and the spirit would touch the hearts of the congregation. People would shout, wave their hands, applaud and say, 'Go ahead, Amen.'"

Rev. Williams recalled one song above all others — "Mine Eyes Have Seen the Glory of the Coming of the Lord" (Battle Hymn of the Republic) — that Lt. Manzy sang during his childhood and youth at NAACP banquets, in concerts and at church services.

"When Tyrone received his diploma (at West Point), I said the last verse (of the song) and I jumped up, saying Hallelujah and thank God," Rev. Williams said.

"We at New Salem Baptist Church are proud of our hero and that God has blessed us with him."

Venice-Lincoln graduation honors 152 adult students

By VALERIE EVENEDEN

A ceremony was conducted Wednesday night honoring 152 adults who graduated from various study programs at the Venice-Lincoln Technical Center.

Nancy McIlvry of the Illinois State Board of Education congratulated the graduates and addressed the gathering of nearly 300 attending the ceremony at the Venice High School Gymnasium.

The guest speaker is the chief administrator for the Illinois Department of Adult Vocational and Technical Education.

Diplomas were presented by Wilbert Glasper, president of the Venice Board of Education.

Venice-Lincoln Technical Center, an adult vocational-education school, is administered by the Venice School District. Programs there are financed with federal and state funding grants.

Among the graduates, 29 achieved certificates in business education, 12 in the nurse assistant program, four in the machine shop program and three in welding courses.

A total of 104 adult students received high school-level General Educational Development certificates.

Fourteen students attained perfect attendance awards and received certificates.

Making their first appearance in a public ceremony were five preschool-age youngsters who were presented "certificates" along with their parents. The children attended the day care center at Venice-Lincoln.

Graduates receiving business certificates were:

Ora Corina, Janice Crites, Ruth Dagon, Joyce Dean, Deborah Ann Dix, Diana Doetsch, Denise Douglas, Lillian Harper, Angela Leadlove, Denise Owens, Mary Reed, Amanda Reynolds, Harlene

DREW KARANJEFF PRESIDENT Central Bank of Granite City

Q. In the past, you've given some sound advice on family budgeting, but there is one individual you've missed: The person whose income is based on commissions and is, therefore, variable. Since I just began such a job for the first time, I wonder if you could offer any tips?

A. We apologize for the oversight. We are aware that many Americans do work on a commission basis. If you're just starting out, the most important thing is to keep spending to a minimum of a while, until you see how your income will really work out. To build up a margin of safety, so to speak, for times when your commission checks may dwindle, try to set aside some money from each check. And, another key is record keeping. Get in the habit of maintaining strict, accurate records for at least a year (depending on your business, six months may be long enough). Utilizing those records, you should be able to construct a workable budget which should continue to include regular savings - an extremely important asset for anyone working on commission - based on average monthly earnings.

Suburban Journals

TWA is adding the way, "with early renewal of for Suburban Journals' Travel Expo the success of last year's show."

Up with co-exhibitor, the Puerto Rico Commission, TWA will join more than 100 other Travel Class Exhibitors at Union Station International Hotel on Nov. 23 and 24.

Several major accounts have jumped on early renewals, including NCL, Sitmar, Oceania and Presley, to name just a few.

TWA will be promoting its non-stop flights from St. Louis to San Juan, which begin departures Nov. 15 from Lambert International Airport. TWA exhibitor Michael Baer said the decision to provide non-stops to San Juan was based on the fact that San Juan is a good business market, a big cruise market and a great leisure market.

The buying power for goods is excellent. "The Suburban Journals' Travel Expo is important to us because most travel shows are of a limited nature - they reach only a few people. But this travel show is on a much larger scale, with a private travel show for the travel agents and an opportunity to promote our new Caribbean market directly during the public portion of the show," Baer said.

Travel agents and industry leaders will meet on Friday night to conduct business, and the public will be invited to attend on Saturday from 10 a.m. to 7 p.m. and on Sunday from noon to 7 p.m. An admission price will be charged at the door, and children will be half price.

For more information, call Linda Buchanan, Suburban Journals' travel director, at 481-1111.

Venice resident gets three years

A man who allegedly robbed the mother of Madison County Chief Associate Judge Edward C. Ferguson has been sentenced to three years in prison.

John Lewis Jr., 19, of 618 Broadway, Venice, received the sentence from Madison County Circuit Judge Philip J. Rarick after Lewis pleaded guilty April 23 to separate charges of robbery and residential burglary.

Lewis was charged with robbery Nov. 29, 1984, after an investigation by Glen Carbon police.

He and Mark Williams, 18, of 72 Venice Homes were arrested by Venice police an hour after the two allegedly snatched the purse of Dorothy Ferguson, 66, of Glen Carbon, while she was in the parking lot at Cottonwood Mall, Glen Carbon. Police said they recovered Ferguson's purse when arresting the two.

Ferguson told police two men at

tacked her as she started to get into her car outside of the Wal-Mart store. The two knocked her to the ground, causing a minor injury to her arm and knee. They escaped with her purse, which contained \$11 and some credit cards.

A person witnessing the attack wrote down the license plate number of the suspects' car and gave the number to Glen Carbon police.

An additional charge of aggravated battery against Lewis was dismissed April 23 on a motion by the prosecution.

Lewis also was charged Dec. 10, 1984, with residential burglary after an investigation by police at Southern Illinois University at Edwardsville.

for the two men were incomplete. IN AN ACCIDENT at the steel plant's basic oxygen furnace on Feb. 27, 1984, a ladle holding molten iron tipped over and spilled the metal, causing an explosion.

Six workers suffered severe burns and were hospitalized in the 1984 mishap.

Five others were released the same day after being treated at the plant's health center.

Downtown

(Continued from Page 1)

James Pennekamp said part of the answer is a professional planner to help Granite City officials and merchants in implementing design standards. There are plans for obtaining such guidance, but Pennekamp said there is no commitment yet.

But setting design standards for Granite City's downtown, he said, is possible.

"It's going to take a willingness on the part of the shop owners, it's going to take a willingness on the part of the property owners, and it's going to take an educational effort to generate ideas and show what can be," he said.

New postmaster installed

Granite City will install Larry Wood as new postmaster at 9 a.m. June 6th at the main post office, 2350 Madison Ave.

We often sit and think of him when we are all alone.

Our love for him will still keep green and never fade away.

Dine like rajah on lamb dishes

June 2, 1985/Page 1B
Granite City Press-Record/Journal Sunday

FRUITED LAMB

America is known as the New World, a land to which many have come in pursuit of a better life. However, there is another country, across the South Pacific, that is considered by its people to be a vital extension of this New World, a catalyst in forging links between east and west, and that country is New Zealand.

New Zealand may be small in the geographic sense but the beauty of its landscape, from palm-fringed Polynesian beaches to snow-capped Southern Alps, call for superlatives.

By and large, however, this is a pastoral land, a veritable garden surrounding delightful, British-style cities and towns, blessed with a most agreeable climate. Between nature's generosity and New Zealanders' agricultural know-how, more and more of the country's wonderful products are appearing around the world.

One other product that tops them all in importance, at home and abroad, is New Zealand's prized spring lamb.

Even in that country, the restaurant scene has changed dramatically from the days when it was simple British fare all the way and roast leg of lamb was the main dish expected. Now there is a growing demand for dishes that exemplify the world's more interesting cuisines, particularly those of Asia. Because lamb is a staple in the cookery of eastern lands, it lends itself beautifully to interesting interpretations.

Here is an update of an ancient Indian classic, succulent, zesty lamb curry with fruit. Traditionally this dish is served over rice pilaf and accompanied by a mouth-watering array of side dishes which include a selection of chutneys, grated coconut, sieved hard-cooked eggs, yogurt, mint sauce and/or pickled watermelon rind. Another adventure into fine eating is lamb kebabs barbecued over a backyard grill. Either meal is truly fit for a rajah.

Fruited Lamb Curry
2 tsp. oil
2 lb. boned leg of lamb, cut into 1-inch cubes

1 large onion, chopped (1 cup)
1 cup diced celery
2 tsp. flour
Finch ginger
1/4 tsp. salt
2 cups chicken broth
1 cup water
2 red apples, cut in chunks
1/2 cup raisins
2 bananas, sliced
2 cups hot, cooked rice
In large skillet, heat oil; brown lamb on all sides.
Add onion and celery, cook until soft. Sprinkle with flour, curry, ginger and salt; stir, stirring 3 minutes.
Gradually add chicken broth and water. Bring to boil. Simmer, uncovered, 40 minutes or until meat is tender.

Stir in apple and raisins; cook 5 minutes.
Add bananas; heat.
Serve over hot rice.
Yields 4 to 8 servings.

Indian-Style Lamb Kebabs
1 leg of lamb (2 to 6 lbs.)
1/4 cup olive oil
1/4 cup lemon juice
2 tsp. water
1 tsp. salt
1/2 tsp. pepper

1/2 lb. small white onions, par-boiled
1/2 lb. medium mushrooms
2 small zucchini, cut in 1-inch pieces
8 cherry tomatoes
Trim "cell" and excess fat from leg of lamb. With thin, sharp knife or boning knife, remove bone. Cut meat into 1 1/2-inch cubes.
In large bowl combine lamb, oil, lemon juice, water, salt and pepper. Cover. Refrigerate 4 hours or overnight, turning meat occasionally.

Thread lamb, onions, mushrooms and zucchini on skewers. Grill about 20 minutes; turn skewers to cook evenly on all sides. Brush often with marinade during cooking.

Thread cherry tomatoes on skewers; grill 5 minutes.
Serve with Yogurt Sauce.
Yields 8 servings.

Yogurt Sauce
1 cup plain yogurt
2 tsp. lemon juice
1/4 tsp. cumin
1/4 tsp. coriander
1/2 tsp. salt
1/2 tsp. pepper
In small bowl combine yogurt, lemon juice, cumin, coriander, salt and pepper. Mix well.
Serve at room temperature.
Yields 1 cup.

Little Lamb side dishes

2 kiwifruit, pared and sliced
1 bunch spinach, cleaned, stemmed and chopped
1/2 cup sliced cucumber or jicama
1/2 cup diagonally sliced celery
1/2 cup alfalfa sprouts
1 green onion stalk, sliced diagonally
Bottled creamy cucumber, creamy Italian or blue cheese dressing or homemade creamy dressing
Combine kiwi, spinach, cucumber, celery, sprouts, onion and dressing in serving dish; toss gently.
Makes 4 to 6 servings.

Angle food cake tops it all off

To cut delicate angel-food cake, use serrated knife, moving it back and forth in a gentle sawing motion. An electric knife works well, too.
A plain angel food cake keeps well in a cake saver high enough to cover completely. However, any cake with a cream or custard-type filling or topping should be refrigerated.

Stir gelatin and chicken broth over low heat until gelatin is dissolved. Beat in mayonnaise and lemon juice. Chill until mixture is thick and syrupy.
Fold in yogurt, dill, onion, cucumbers and salmon.
Four into mold. Chill until set.
Unmold. If desired, garnish with hard-boiled eggs, parsley, tomatoes and serve on a bed of cooked rice or lettuce.

Calico cole slaw

1 pint cole slaw
1 can (16 ounces) seasoned French-style green beans, drained
1 can (8 1/2 oz.) lima beans, drained
1 can (8 oz.) stewed tomatoes, drained and chopped
Put cole slaw into bowl. Add green beans, lima beans and tomatoes; mix gently. Chill.
Makes 6 servings.

Savory beef steak

1 beef chuck blade steak, cut 3/4 to 1 inch thick (about 2 pounds)
1/2 cup red wine vinegar
1/2 cup water
1 medium onion, chopped
1 1/2 tsp. sugar
1 tsp. salt
1/2 tsp. basil leaves
1/4 celery seed
1 tsp. pepper
Combine vinegar, water, onion, sugar, salt, basil, celery seed and pepper in small saucepan. Cook slowly 10 minutes, stirring occasionally. Cool.
Place steak in utility dish or plastic bag; add marinade, turning

to coat. Cover dish or tie bag securely and marinate in refrigerator 6 to 8 hours or overnight, turning at least once.

Remove steak from marinade. Place on grill over ash-covered coals so surface of meat is 4 inches from heat.
Broil at moderate temperature 7 to 10 minutes on each side, depend-

ing on degree of doneness desired (rare or medium).
Makes 4 servings.

Soft burritos encase

Burritos are warm, soft flour tortillas wrapped around simple fillings such as meat or beans and cheese, or scrambled eggs with picante sauce.

To warm tortillas, stack and wrap in foil; bake at 350° about 15 minutes. Or, wrap loosely in plastic wrap and microwave at high 1 to 1 1/2 minutes.

To serve burritos "dry," place all ingredients on tortillas before filling, rolling and eating out of hand.

To serve them "wet," fill with meat and cheese, roll, place on plates and spoon heated taco or

picante sauce over them. Top with sour cream and lettuce.

Room temperature for frozen foods

Serving temperature is important. Keep hot foods hot (140° or above), and cold foods cold (40° or below). Bacteria multiply fastest at tem-

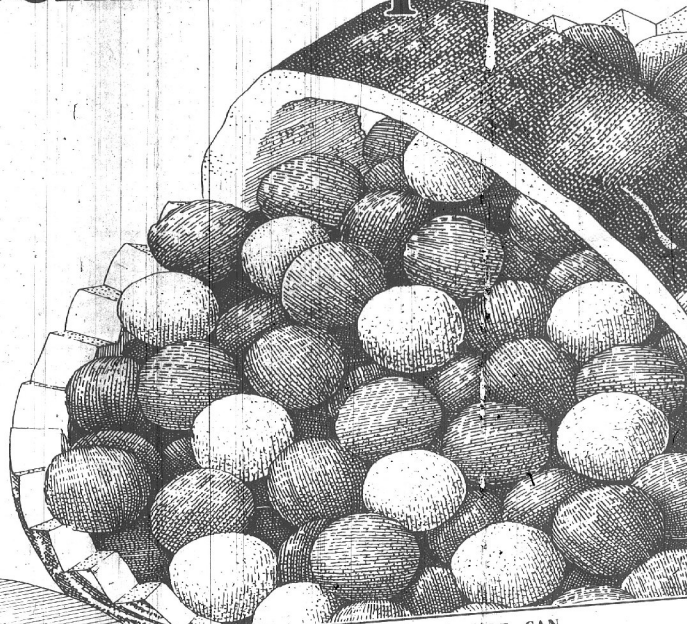

peratures between 60° and 120°.
Two hours is the maximum time any food should be held at room temperature, but less is better. Eggs, milk, poultry and seafood are particularly susceptible to bacterial growth.

Use extra precautions when preparing, serving and storing these foods or any foods prepared with them to avoid unnecessary spoilage.

Legion Baseball Triplets hope new uniforms bring success

Legion team consists of GCHS athletes

By GREGG OCHOA
Staff writer

GRANITE CITY — When the Tri-City Post No. 113 American Legion baseball team takes the field it will be sporting a well-deserved new look.

The Triplets will be decked out in brand spanking new navy blue uniforms, trimmed in gold and white.

"The legion gave us a lot of money and we really appreciate that," said Tri-City manager Dave Coakley. "These are really fine looking uniforms."

Coakley said legion officers Harry Ellis and Gene Livingston played key roles in helping the baseball team, composed of students who attended Granite City High School, make the purchase.

Tri-City officials also approved funds to buy five new batting helmets and catcher's equipment.

"Last year we had to borrow catcher's gear," said Coakley, who begins his second year as manager.

The Triplets will open the season Sunday, June 9, at O'Fallon. However, a practice game is scheduled for Wednesday, June 5 at 8 p.m. at Dal Maxwell Field, formerly Diamond No. 1 in Wilson Park. Tri-City will play a team from the St. Louis area.

In all, Post 113 will play 28 games in 37 days this summer. The Triplets will use either Varsity or Maxwell Field as its home field.

Tri-City will compete in District 22 (North Division). The Triplets

will play North teams twice (home and home) and each South Division squad once.

The only change in divisional breakdown is the East Alton post will not sponsor a team this year.

Under legion baseball guidelines, players on that team — from Wood River and Roxana High Schools — are now eligible to be drafted by the Alton and Bethalto posts.

Also included on the Triplets' schedule are double-headers with Jefferson City and Bridgeton, Mo. posts and a July 4 tournament in Paducah, Ky.

That double elimination tournament is sponsored by Dr. Frank Hildegar, a former resident of Madison, who is now involved in the Paducah legion baseball program.

"The guys are really excited about that," Coakley said.

The Triplets have 17 players on its roster, eight returning. Last season, Tri-City finished in third place in the North Division (11-11), but lost two straight in the post-season tournament to Highland.

Returnees Gerald Booker and Shane Cole will remain the outfield as will Kurt Hyland and Fred Becker.

The infield will feature Randy Burgess, Bill Moore, Matt Roe, Derek Morr, Pat Cathey, Steve Davis. The newest addition is John Konovich who signed to play late last week. Also, Scott Coakley will see action.

Coakley has a stockpile of pitchers — all right-handers. The staff will be led by Sam Tate, who as a freshman for Lewis and Clark Community College had an ERA under one run in limited duty. Other pitchers include Erric Gray, Allen Zengrall, Tim Gray and Mark Bowen.

"I've got a lot more pitching that I did last year," Coakley said. "It's a good staff. But as many games as

we have together, I hope it will hold up."

Coakley said he probably allow each pitcher to get some game action before deciding on a rotation.

"I just wish I had a left-hander." Throughout the order the Triplets have offensive punch. "I think we will score more runs (than last year). Our bats are stronger."

Booker led the team in hitting last year at .390. And, this season, Cole is coming off a good senior year. He hit over .400 to lead the Warriors to a 20-win season.

"If Shane can stay hot and Cathey continues to hit and some of the other guys play like I know they can, I think we'll be fine," Coakley said.

With the addition of Becker, Moore and Konovich the Triplets will also be a lot faster on the basepaths.

"We'll have a lot more speed," Coakley said.

If there is a question mark in the Triplets' armor, it is the defense.

"I'm not sure about it," Coakley admitted. "It may be because I'll have to play some kids at positions they're not that familiar with. But I think all of them will be able to do the job."

Coakley will be joined on the field by coaches Keith (his son) and Rodger (his younger brother).

Tri-City will play 13 of its regular season games at home. The District 22 tournament will be held July 16-24 with the championship series set for July 27-28. The annual all-star game will be held at Gordon Moore Park in Alton.

NOTES: This is the 60th year that American Legion has sponsored organized baseball. The 1984 Legion national champion was Jesus Bruno Post 134 of Guaynabo, Puerto Rico.

Pirtle suffering from Gehrig's disease

By AL BARNES
Staff writer

Baseball is a game of memories. Fond memories, some bad and sad, but most are stuff of which dreams are made. Old players will stay up all night shooting the breeze about their playing days, telling tall tales of how their clutch homer, with the bases loaded, won that league championship.

The stories they tell each other, too, seem to improve with every telling. Some of the stories are tall tales, even verging on lies, but most, when checked out, are all nearly always true.

If you ever get a chance to listen in on the stories told by several local ex-pro baseball players, such as Granite City's own Salty Parker and John Toncoff, for example, don't miss the opportunity.

Parker, who was one of the area's greatest all-around athletes, is now currently finishing up a long and illustrious career as a member of the San Francisco Giants. He is in charge from the parent club on down through the minor leagues of teaching the young infielders.

Toncoff, a little younger than Parker, is probably the best of many great catchers produced here in the southwestern Illinois area, and particularly the Quad-City area. Toncoff has retired as coach and teacher in the Granite City school system.

Toncoff, after a sensational high school baseball career, went on to star for the University of Illinois as a catcher. In 1938, he led the Big 10 in batting. In 356 he signed a pro contract with Boston of the National League, but since the Braves had so many outstanding catchers, they

gave Toncoff permission to sign with the New York Giants.

In time, he landed with Jersey City of the International League (Triple A) and played 1943 through 1945. Feeding his bets, Toncoff began teaching high school at that time (between seasons) and landed at Jacksonville, Fla.

In 1947, Toncoff was named player-manager of the Palatka, Fla., club of the Florida State League. Needing some key players, Toncoff looked to Granite City for some help. He invited Al Pirtle, a hard-hitting right fielder and a shortstop, Al Tonsick, and pitcher Bill Tulka. "All three helped me and the club a lot, but it was Pirtle who captured the imagination of the Florida fans with his unorthodox but effective slugging."

In 1949, Pirtle was sold to Gainesville, Fla., and Toncoff to Daytona.

It was the '49 season that Pirtle set the batting Florida State League record of .383 which still stands and made him a folk hero in the entire state of Florida.

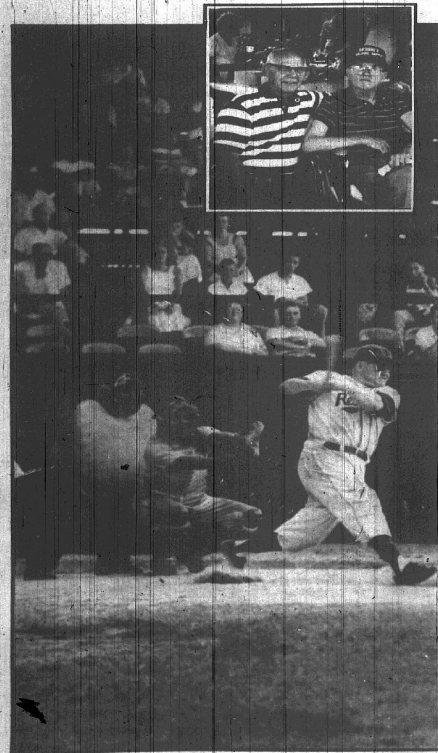

In that '49 season, Pirtle led in hitting, plus in base (187) hits, doubles (46), and runs batted in (119).

At the end of Pirtle's playing days, he was asked to join a local fan in a lumber and building supplies company at Palatka, Fla., where it all started for him.

Two years ago, the entire state of Florida was saddened with the news that Pirtle had been stricken with the dreaded Lou Gehrig malady called amyotrophic lateral sclerosis.

Many Granite City fans still remember Pirtle.

For those who wish to, they can write to him: Al and Helen Pirtle, Star Route 2, Box 1258, Satsuma, Fla., 32089.

PLUGGING PIRTLE. Above, Al Pirtle displays the swing that made him one of the most feared batters in the Florida League. Inset, Pirtle and long-time friend John Toncoff.

Post-Season Play Records do not count in sectional

By ALAN L. GERSTENECKER
Executive Sports Editor

GRANITE CITY — Ask any high school baseball coach about the playoffs and they'll tell you regular season records mean as much as a knuckleball to fastball pitcher like Dwight Gooden — not a whole heckuva lot.

"It's a whole new season," says Belleville East coach Larry Patton of post-season play. "Records don't mean a thing."

Ask Cahokia coach Burt Clemons and he echoes a similar sentiment. "When it gets to this point any team can win. I told my kids we have the ability to go all the way, but, too, I told them we can go out at any time. It can be anybody's ballgame."

Harrisburg coach Jay Thompson, whose team has the best record coming into the tourney, offered his pragmatic approach to the tourney.

"Records are nice, but I don't think they mean anything. When it comes to the playoffs any .500 team can beat any .700 team. It's a matter of whose hot at the moment."

And as for the Roxana Shells, the fourth team to enter this weekend's

Class
AA

Granite City High School Sectional Tournament. They're a living testament to the theory of meaningless records. The Shells were 7-17 before the regional and then went on to beat three teams to win the Alton Regional, each with records better than their own.

Despite that, our teams' varying records, their coach have proven their ability to bring their respective regional tourney.

Perhaps the best team — or at least the one which would surprise the least people if it were to win the tourney — is Harrisburg.

The Bulldogs, the undisputed winners of the South Seven Conference, enter the tournament at 21-4 and seek to extend their 10-game win streak. If they were sectional seeds they'd have to be a favorite.

On the other end of the spectrum

is Roxana, unquestionably the "surprise" team in the sectional. The Shells enter the tourney with a 10-17 record. They were seeded fifth of six teams in the Alton Regional and were three games over Wood River (3-2), top-seeded Bethalto (7-1) and Edwardsville in the championship game 14-4 to advance to this weekend's sectional tourney.

In the middle, between Harrisburg and Roxana, are the "stable teams" — Cahokia and Belleville East.

After an 0-5 start, the Comanches have won 16 of their last 19 games and now enter the tourney with a 19-8 slate for a .703 winning percentage.

Led on offense by junior first baseman Chris Egner who's batting .527 as the sectional opened, the Comanches are a team consisting of underclassmen. Their entire defense, excluding three pitchers, are sophomores and juniors.

The Comanches, incidentally, swept a double-header from the Warriors earlier this season to break out of their early-season slump.

Belleville East enters the tourney with a 21-12 record. The Lancers bettered sister school Belleville West to win their own regional to advance to the sectional.

Fourteen games into their season, the Lancers were two games below .500, carding a 6-8 record. Since then, says coach Larry Patton, the Lancers have "come of age" and eagerly awaited the start of the sectional.

In Saturday's first game, at 10 a.m., the Lancers were to square off against Roxana in the first of two semi-final games. Following the Lancer-Shell matchup, Cahokia was to meet Harrisburg at 1 p.m.

The winners of each semifinal contest will play Monday at 4 p.m. at Varsity Field for the championship. The sectional champion will be one of eight teams to vie for the Class AA state title. The Granite City High School Sectional champion will play the Harrisburg Sectional champion next Thursday, June 6, at 11 a.m. in the first round of the annual state tournament at Springfield Lanphier High School's Lanphier Park.

Granite City man 'strikes' it big

By GREGG OCHOA

ST. CHARLES, Mo. — Wayne Worthen was having his problems during a practice game before a Bowling Proprietors' Association tournament session. He ended up rolling a 150, over 50 pins under his average.

"I couldn't find anything in the pocket," he said. "I was talking to my brother, Randy, and he kept telling me to keep the ball to the outside because it was breaking a lot."

Worthen then rolled a practice frame keeping in mind what his brother had said.

"I just kept thinking to myself 'Trust in a Must.'"

Worthen, 39, took to positive thinking well, rolling games of 242, 268 and 254 for a 764 total (764 is the winning score) and enough to win the BPA tourney, sponsored by the St. Louis Globe-Democrat, which ended Sunday at Cave Springs Lanes in St. Charles, Mo.

The Granite City native rolled the winning series April 27 and the scores held up during the six-week tournament.

Wins Bowling Tourney

Worthen won \$3,300 for his effort and also won a trophy for top scratch series.

"This is a thrill," Worthen said. "It's something I'll always look back on."

Worthen, whose score was actually second best, was moved into the top spot after then-leader Steve Cranfield was disqualified for incorrectly reporting his average.

Cranfield reported an average of 165, but failed to include his tournament play average in the last 12 months.

According to Rule No. 27 of the American Bowling Congress, if that average is more than 10 pins above the averaged list, the entry is disqualified. Cranfield had a tournament average was 178.

"It was a tough break for him," Worthen said. "But a great break for me."

Cranfield rolled a 727 scratch. Even with the higher average and lower scratch, Cranfield would have

still beaten Worthen 799-782.

Worthen said he was notified that he was the current leader on May 21. He said the four days wait until the outcome seemed to last forever.

"I wish he (the tournament director) would have waited until Saturday to call and tell me."

Worthen said he went to the Cave Springs Lanes at 11 a.m. Sunday to wait until the final round was complete.

"It was tough," he said of the wait. "They were still bowling and you heard lots of cheers. You didn't if anybody had beaten your score or what."

"When it was done it was a big sigh of relief," said Worthen who works as an extra level operator for Terminal Railroad. He has been with the company for 22 years.

The BPA tournament win is the first of any kind for Worthen who has been bowling since 1962.

"I have won some jackpots before, but nothing ever like this."

Not a bad way to end a holiday weekend for a guy who started as a pin setter. Worthen said he entered the tournament with his league buddies (Mr. T's Auto Body). He said he had never even placed in a tournament before.

Carrying a 204 average, Worthen was clicking when he rolled his tourney-winning series. He conceded for 50 strikes in the three games. His series was one of the best he has ever rolled.

The other league members will be treated to dinner by Worthen to celebrate the win.

Worthen said he may use his winnings to purchase a satellite dish.

"It's something that we wanted and couldn't get before without going into debt."

Worthen also won the top scratch series (764) defensive back corps. They included Kathy Zegulin, Dawn Schwartz, Maria Parra and Kathy Thornberry. All are seniors.

Worthen is married. He and his wife, Marilyn, have two children; Dean, 21 and Denise, 17.

Softball team earns the respect it sought

By ALAN L. GERSTENECKER

Executive Sports Editor

In the last two years since Granite City's fifth schools became a single community school, the Warriors' sports teams have flourished — they seem to be entering a sort of "sports renaissance."

Not that each high school didn't have successful sports teams before, but few could argue that GCIS isn't experiencing a sports boom.

Witness the current Warrior basketball program. After losing season upon losing season at each North and South High School, this year the Warrior basketball team set its fans — and the entire area — afire with its success.

Witness the Warrior football program. Despite a strike-shortened season that cost them two ballgames, GCIS still put together a respectable record. Second-year grid coach Ron Yates has his team pumped up, eager to play the likes of East St. Louis and Belleville West.

Witness the Warrior softball program. The Warrior softball program? "What's this?" you say. Yes, GCIS' softball team. Unlike the Warrior football and baseball programs which have had very successful pasts during back decades, the softball program does not have a illustrious past. With a more recent history than their classmates, the girls have never experienced a regional championship. In fact, they've never played for a regional championship. Somehow, they were never able to advance beyond the first phase of the playoffs.

But, things appear to be changing. Last week, the Warriors tied for their first ever regional softball title. Never before — at either North or South High Schools — has a Granite City softball team been in a regional championship game. Seeded sixth among eight teams in the post-season tourney, the Warriors, who posted a 7-15 regional season record, entered the regional on a winning note.

After a disappointing season of near victories, the Warriors began to peak at the right time, putting together a string of three wins as they entered the tourney. And, when the season finally did end, Granite City High earned six wins in their last eight ballgames.

Despite coming up short in the regional championship game — a 3-0 loss to Bethalto — the Warriors laid an important foundation with each regional victory — something to build on for the coming season. "Our goal this season was one of respect," explained Warrior softball coach Jim Davis. "And, I think we accomplished that. We may have ended the season with a 9-16 record, but if you look at some of those games and you'll see a lot of those were one-run ballgames."

The softball Warriors may have earned some self respect from fellow students and friends with their regional championship bid, but what really praise came from coaches of the Warriors' opponents. "It's nice to see a team like we did in the regional tourney, but what really feels good is when you know that other teams are beginning to notice your success," Davis said. "Bethalto coach Jeff Dyer said he was really impressed with the progress we've made. Coming from him, that's quite a compliment."

The Eagles are regional champions three years running. The reason for the Warriors' improved play, Davis says, is finding the right chemistry — putting the people in the position that best suits them. That may be the case, but knowing Davis he may be selling himself short. He, as much as anyone or any factor, may have been what sparked the team.

It's easy to get enthused when you're around Davis. Talking to him is like reading a ticker tape machine. The information just keeps flowing while you all you can to keep up. His comments are almost always positive, even in defeat. "A break here and we could've..." Or "If that ball would've..."

He knew the Warriors were longshots going into the tourney, but he had a plan, even for Roanna Brazier and the Bethalto Eagles.

"We wanted to get them to handle the ball. We knew it'd be tough to beat them, but we felt like we could them to handle the ball maybe we could force an error."

But it didn't happen. Brazier and company prevailed, but, according to Davis, the difference wasn't obvious to his girls.

"They walked out and shook hands after the game and were they proud. They knew they played a fine ballgame. They knew they played the best they could. I think we surprised some people And, above all, our girls knew they earned some respect. I'm already looking forward to next year," Davis said.

Following last Tuesday's regional championship game, the Warriors hustled back to GCIS for the softball banquet. Among the honorees were Karen Sykes, MVP; Keri Holtcamp, best hitter (18/52 for a .346 average); Michelle Morgan, most outstanding player in the tournament series, and Kathy Hutchings, best defensive player.

Other spring sports honorees include Lisa Wiser and Debbie Brandt, most valuable girls track athletes, and Jeff Gray, Scott Cant and Eric

Crow gets hole-in-one

Good fortune has a way of spreading itself around. Anyone who doubts that need only talk to Ed Crow of Granite City.

Two weeks ago Crow was golfing at Rivers Edge Course at the Army Depot with friend Alec Kurilla. That was a day Kurilla will remember a long time. It was a day he registered his first hole-in-one.

A witness to that eagle, Crow found his own success a week later — last Thursday — when he too sank a hole-in-one. And, this time, Kurilla was one of three witnesses to Crow's accomplishment.

Crow's one-shot phenomenon, coincidentally, was accomplished on the same hole — the 153-yard No. 3 — as Kurilla's the week before. The shot was made while Crow, Kurilla, "Wheeler" Volkenburg and Ray Niles were competing in the Thursday Senior League.

Crow, 60, has been golfing for 15 years.

BAC sets hoop camps

Belleville Area College will sponsor five basketball camps this summer for boys going into grades five through eight.

The camps, which will cover basketball fundamentals, will feature guest speakers, films and games.

The camps will be Mondays through Saturdays, June 3 to 6, July 22 to 27 and Aug. 5 to 10. All camps meet from 1 to 4:30 p.m. in the gym at BAC's Belleville campus, 3500 Carlyle Road, Belleville.

Jay Harrington, BAC athletic director and head basketball coach, will be director of the camps.

The cost of the camp is \$35, which includes insurance, T-shirt and shorts.

Participants may register by phone, mail or the first day of the camp. For advance registration and information, call Jay Harrington, 235-2700, extension 371, or write to BAC Boys' Basketball Camp, Belleville Area College, 2500 Carlyle Road, Belleville, Ill. 62221.

YMCA golf tourney set for June 15

The Tri-City YMCA's Annual Golf Tournament has been slated for Saturday, June 15, at Arlington Golf Course.

A scramble-type tournament, the affair will feature at least three flights of golfers.

Registration fees for the tourney are \$50 per person or \$200 per team. Proceeds from the tournament benefit the YMCA's youth programs.

Persons seeking further information or wishing to register for the third annual affair should call the YMCA at 876-7200.

Youth soccer tourney set

ST. LOUIS — The annual St. Louis International Youth Soccer Tournament will be held June 8 and 9 at Fenton City Park on Yarnell Road.

The tournament, which is sponsored

by the Voyagers Soccer Club of St. Louis, will be the most extensive held in St. Louis. More than 90 teams from all parts of the United States will compete in divisions ranging from age categories of 12 to 19.

Tournament director Ken Waters noted that the strength of the dollar in world currency markets will prevent the West German teams from being present, as in the past. Waters said also that there was a possibility that a team from Taiwan might enter.

Paddlers' registration

Paddlers Swim Club will begin registering youths for its swim team on Monday, June 4.

Beginning at 7:15 a.m., youths ages 12 years and older should register at 8:15 a.m. at the pool which is located on Johnson Road. Youths eight years and younger will register from 10 a.m. until 10:45 while children 9 through 11 years may register from 10:45 to 11:45 a.m.

YMCA has Cardinals' tickets

The Tri-City YMCA has 200 tickets to the St. Louis Cardinals' baseball game with the Houston Astros on Wednesday, June 5.

First priority for the tickets will go to children ages 8-16 years, although there should be plenty of tickets for anyone who wants them, said Bob Slate, program director. Children who will attend the game should have written parental permission slips.

In addition to the ticket sales, the

YMCA is providing transportation to and from the game. A \$4 cost covers the cost of transportation and insurance.

Persons seeking tickets or a place on one of the buses may purchase their ticket and reserve a bus seat now at the YMCA, at 2001 Edison.

Buses will leave the YMCA at 6 p.m. and return immediately after the game. Persons seeking further information may call the YMCA at 876-7200.
